The signs are multiplying that the US and Israel are headed for some sort of mega black swan event. The result will be that both countries cease to exist in their present format. That is because the Federal Reserve Board -the fountain of power for the Satanists- is on the verge of collapse. If it goes, then everything under it, such as the UNITED STATES OF AMERICA CORPORATION, the BIS, the World Bank, the UN and 90% of the world's transnational corporations will also collapse and be replaced by new management.

The signs of FRB collapse are manifold. As we have previously noted, the FRB interest rate of 5.25% has mathematically doomed at least half of all US Banks because it has devalued all the zero or close to zero interest stuff on their books. The FRB is now resorting to fraudulent accounting to hide the resulting bank run.

This was seen when deposits at most of the big US banks (owners of the FRB) were “delayed” by the FRBs Automated Clearing House (ACH), network.

This apparently allowed the FRB to use “seasonal adjustment” fakery to turn a \$33 billion deposit outflow (bank run) into a \$52 billion inflow. This trickery has magically boosted deposits by \$168 billion since April. Since FRB rules allow 1000 times leverage, these fake deposits back \$168 trillion worth of “financial instruments.” In other words, the whole financial house of cards rests on a foundation of fraud.

The US banks are also now stealing people’s money outright as well. Many bank customers are getting letters saying all of their checking and savings accounts are

being closed. The explanation, if there is one, is something like “Per your account agreement, we can close your account for any reason at any time.”

This is happening in Australia and other KM-controlled countries as well.

The KM are also now pushing desperately to outlaw cash and force us into a digital prison. The new FedNow inter-banking communication system is “possibly unconstitutional” and “threatens the very freedoms that all liberty-loving American citizens should hold dear,” says Bitcoin Magazine Editor Mark Goodwin in response to an FRB attempt to silence his publications’ criticism of this system.

These moves are connected to the upcoming November 15th deadline for the US government to “raise the debt limit.” We are hearing the Chinese and other creditors to the US are determined not to let the US “government” circus show continue any longer.

This financial trouble is why a political or military-type mega black swan event is probable. In the past, the FRB has responded to crises of this nature with events like 911, Fukushima and most recently the pandemic and vaccine global genocide attempt.

One possibility is some sort of holocaust or mass sacrifice to Satan is being planned for Israel. We are getting credible reports from foreign diplomats based there that large portions of the country have been evacuated to Ukraine. These coincide with reports from Russia that roadblocks have been set up in the Ukraine and only people who can prove they are Jewish are being allowed past them.

Mossad sources further claim Israel as a corporation has expired on October 31st. Also, China has removed Israel from its maps.

In response, Netanyahu has appeared showing a map of Israel minus the Gaza strip. The last thing left for Israel to do is wage a Great War.

"Israel is a global terrorist organization. That's exactly what they are, but It is better to refer to them as the cancer of planet Earth," a Mossad source says.

In another sign Jews still in Israel are being prepared for another Holocaust, Satanic thugs in Israel are violently attacking genuine Jews who are protesting the genocidal acts of their government.

According to MI6, the people behind this are Crime Minister Benyamin Netanyahu and *"a group of extremist Israeli nationalists who assassinated various international characters over the years including a Swedish count by all accounts so to speak and also had a go at a certain Mr. Winston Churchill back in the day. They style their vision of a modern Israel on the fascist states of Spain, Italy and Germany...The joint Israel and Gaza Strip incursions are indeed a slaughterhouse of blood sacrifice and now genocide. Left unchecked they will level the entire place to the ground and all in it."*

Netanyahu himself refers to his Jewish and Palestinian enemies as Amalek:

"The Lord ordered King Saul to destroy the enemy and all his people: 'Now go and defeat Amalek and destroy all that he has; and give him no mercy: but put to death

both Husband and wife; from youth to infant; from ox to sheep; from camel to donkey.”
Book of Samuel 15:3.

Heritage Minister Amichai Eliyahu agrees saying “One of Israel’s options in the war in Gaza is to drop a nuclear bomb on the strip,”

In a sign they know something is about to happen there, the Pentagon will no longer allow its senior military leaders to travel to Israel and will discourage members of Congress from making trips. “Israel will not recover from this mistake,” a senior CIA source warns.

In other words, unless action is taken, the KM are about to stage a murder-suicide of Israel rather than accept Jewish liberation from millennia of Satanic control.

Turkey might step in by reasserting control over Israel. “It is Türkiye’s duty to stop the bloodshed in Gaza,” President Recep Erdogan said on Sunday. “We are doing and will continue to do more than what is visible,” he said implying NATO’s largest army might intervene.

There is also evidence some sort of truly horrific event is being planned for
